## Summary

I'm Safir, a passionate full stack developer with a strong interest in programming and design. Detail-oriented and highly motivated, I continuously seek to expand my knowledge and skills. Actively pursuing opportunities to apply my expertise in Java, Python, and full stack web technologies to address challenging real-world problems. My aim is to secure a significant role where I can effectively utilize my technical skills and contribute substantially to the success of an organization.

Always open to synergies and collaborations. Email me at [Noorani.safir@gmail.com](mailto:Noorani.safir@gmail.com)

## Experience

### Full stack developer

Operando

Nov 2023 - Present

In my role as a full stack developer, I have successfully led projects from concept to launch, gaining extensive expertise in web development. This includes proficiency in database design, API development, and client-side programming.
